This handout is intended only as a guide and is based in part on the 2015 Minnesota State Building Code, Minnetrista City ordinances, and good building practice. While every attempt has been made to insure the correctness of this handout, no guarantees are made to its accuracy or completeness. Responsibility for compliance with applicable codes and ordinances falls on the owner or permit applicant. For specific questions regarding code requirements, refer to the applicable codes or contact your local Building Department.

ELECTRICAL LICENSING AND INSPECTION

The City of Minnetrista Building Department requires inspections of electrical work within the city. All work must be done by and permits are only issued to licensed electrical contractors. Except, that an owner of a single family residence, may do electrical work and may obtain permits for work conducted by the owner provided they occupy that dwelling.

Electrical Permits and Electrical Inspection scheduling can be obtained from the State website: [https://www.dli.mn.gov/CCLD/etrakit_electrical.asp#homeowner the code during the adoption process](https://www.dli.mn.gov/CCLD/etrakit_electrical.asp#homeowner_the_code_during_the_adoption_process).

The Department of Labor and Industry has published a residential checklist with a lot of helpful information. The checklist can be downloaded from: https://www.dli.mn.gov/CCLD/PDF/eli_inspection_checklist2.pdf

2014 NATIONAL ELECTRICAL CODE

The 2014 National Electrical Code has been adopted and became effective July 1, 2014. No amendments were made to the code during the adoption process.
