May 1, 2020

To the City Council and Citizens of the City of Minnetrista:

The comprehensive annual financial report (CAFR) of the City of Minnetrista, Minnesota (the City) for the fiscal year ended December 31, 2019 is hereby submitted. Management assumes full responsibility for both the accuracy of the data, and the completeness and fairness of the presentation, including all disclosures, based on a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Minnesota Statutes require that the City have an annual audit performed by a certified public accountant or the State Auditor. The City appointed the certified public accounting firm of CliftonLarsonAllen LLP to perform the audit for the year ended December 31, 2019. The independent auditor's report on the basic financial statements is unmodified, and is included in the financial section of this report.

Accounting principles generally accepted in the United States of America require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the auditors.

PROFILE OF THE CITY

The City, organized in 1859 as a township, incorporated as a village in 1960, and established as a City in 1974, is a Minnesota Statutory City with an "Optional Plan A" form of government. It has a mayor elected at large for a four-year term and four council members also elected at large for four-year terms. The professional staff is appointed and consists of an Administrator, Finance Director, City Clerk, Public Safety Director, Director of Administration, Community Development Director, and Public Works Superintendent. The City contracts for professional legal and engineering services.

(1)

Telephone (952) 446-1660
www.ci.minnetrista.mn.us

The City provides services to the public for street and utility construction and maintenance, parks and recreation, police and fire protection, planning and zoning, permits, inspections, and legislative/administrative functions. The City provides street construction and maintenance services on approximately 60 miles of gravel and paved streets. The parks and recreation department provides services to eight developed parks, several miles of trail system, a cemetery, two public water access areas, and a fishing pier. Facilities include: picnic areas, walking trails, and general miscellaneous playground equipment. Independent School District No. 277, Westonka, offers recreational activities through community service programs. The combination of these programs provides a complete parks and recreation system throughout the City.

The City issued building permits for 142 new single-family homes in 2019 with a total housing value of \$54,809,491.

The Minnetrista Public Safety Department operates with 13 licensed police officers, including: 1 Public Safety Director, 1 Lieutenant, 2 Sergeants, and 9 officers. In addition, there are 1.90 full-time equivalent support staff, two Community Service Officers, three Reserves, and 13 Patrol Units. Dispatching is operated through the Hennepin County Sheriff's Department.

ECONOMIC CONDITIONS AND OUTLOOK

The City is located in the southwest portion of Hennepin County approximately 20 miles southwest of Minneapolis on Lake Minnetonka. The population of the City was 7,692 per the latest Metropolitan Council Estimate.

The City saw an increase from the previous year in the number of building permits for new homes in 2019. Continued controlled growth is expected for 2020 and beyond.

NOTEWORTHY BUDGET AND FINANCIAL INFORMATION

Evaluation of the City Fee Structure

The City Council and staff annually review the fee schedule to determine that fees are adequate to cover the cost of services provided. Changes are adopted annually if deemed necessary based on the fee structure review.

It is the policy of the City to assure that the people needing the services are the ones paying for those services. The City Council feels strongly that city residents should not bear the tax burden from new development in the City, such as infrastructure costs. The City has traditionally charged all developers and land use applicants (i.e. applicants for variances, conditional use permits) for associated consultant fees incurred during their application process.

Capital and Long Range Planning

The City continues to look at all financing options including identifying available reserves or levying for capital improvements. The City improved its financial management planning in 2008 and incorporated a financial management-planning tool with five-year CIP equipment components, street infrastructure plans, and other supplementary planning information. The City continues to use this modeling during 2019 and going forward.

Development Market Conditions During 2019

Growth has really picked up during the last few years due to market conditions in the housing market improving. There are developments and proposed developments coming in and being discussed in 2020 and beyond. Building permit revenue should be comparable but somewhat less in the upcoming year (2020) in comparison to a very strong 2019. The City is projecting 75-100 new homes a year for the next several years.

FINANCIAL CONTROLS

Investment Policy

The City maintains an adopted investment policy. The purpose of this policy is to establish specific guidelines the City will use in the investment of city funds. It will be the responsibility of the City Administrator to invest city funds in order to attain the highest market rate of return with the maximum security, while meeting the daily cash flow demands of the City and protecting the capital of the overall portfolio. Investments will be made in accordance with all state and local statutes governing the investment of public funds.

The primary objectives, in order of priority, of the City's investment activities shall be: safety, liquidity, and return on investment. The City does not have any investments with a term of more than 10 years. For diversity purposes, the City does not keep more than 50% of the investment portfolio with any one broker or agency.

Fund Balance Policy

Minnesota cities do not have a constant flow of revenue from which they are able to fund local government operations. Property tax levies, state aid to local governments, and property tax credits comprise the majority of city revenue. The City receives the first half of property taxes in late May/early June and the second half is received on December 1. Given this flow of revenue, the City's General Fund balance is the primary source of funds available for operating expenditures during the first five months of the year. An adequate fund balance provides the cash flow required to finance General Fund expenditures throughout the course of the year.

In recognition of these factors, the City adopted a fund balance policy. This policy states that the City will strive to maintain an unrestricted General Fund balance at each fiscal year-end equivalent to 50% of the total annual operating budget of the following year. The fund balance policy outlines strategies to consider when the General Fund balance is projected to decrease below 40% of the total annual operating budget for the following year. The City understands that the State Auditor's Office recognizes fund balances as a percentage of current year expenditures. However, the City believes fund balance is necessary to fund expenditures through the first half of the following year. Thus, the City measures fund balances as a percentage of the following year's expenditures.

Budget Policy

The City annually adopts a budget for the following year. This budget is meant to be a guideline for expenditures and revenues for the year. The City always adopts a budget for the General Fund, special revenue funds, and most other governmental funds. The City has five special revenue funds: an Emergency Warning Siren Fund, a Park Development Fund, a Road Maintenance Fund, a Tree Replacement Fund, and a Land Use Fund. These funds are set aside to account for proceeds of specific revenue sources that are legally restricted or committed to expenditures for their specified purpose.

AWARDS AND ACKNOWLEDGEMENTS

Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive annual financial report (CAFR) for the fiscal year ended December 31, 2018. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. The report satisfied both generally accepted accounting principle and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

We would like to express our appreciation to the entire city staff for their individual contributions in assisting with the preparation of this report and to the outside agencies that assisted with essential information for this report. We also would like to express appreciation to the Mayor and City Council members for their interest and support in planning and conducting the financial operations of the City.

Sincerely,

Brian Grimm

INDEPENDENT AUDITORS' REPORT

Honorable Mayor and the City Council
City of Minnetrista, Minnesota

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Minnetrista, as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the City of Minnetrista's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Minnetrista as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in the City's total OPEB liability and related ratios, schedule of the City's proportionate share of net pension liability, and schedule of the City's pension contributions, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Minnetrista's basic financial statements. The introductory section, combining and individual fund statements and schedules, and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Honorable Mayor and the City Council
City of Minnetrista, Minnesota

Other Matters (Continued)

Other Information (Continued)

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 1, 2020, on our consideration of the City of Minnetrista's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the effectiveness of City of Minnetrista's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Minnetrista's internal control over financial reporting and compliance.

CliftonLarsonAllen LLP

Minneapolis, Minnesota

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

As management of the City of Minnetrista, Minnesota (the City), we have provided readers of the City's financial statements with this narrative overview and analysis of the financial activities of the City for the fiscal year ended December 31, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

FINANCIAL HIGHLIGHTS

- The City's net position of its governmental activities increased by \$393,968 during the year to \$33,768,659 at year-end.
- The net position of the City's business-type activities by increased \$390,609 during the year to \$23,265,894 at year-end.
- The fund balance of the General Fund decreased by \$38,695 (or 1%) during the year to \$2,806,327 at year-end.
- At the end of the current fiscal year, the City's governmental funds reported a combined ending fund balance of \$6,137,521.
- The Water, Sewer, Storm Water, Recycling, and Cable TV Operating Funds reported a combined operating loss of \$615,246.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains other information in addition to the basic financial statements themselves.

Government-Wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to private sector businesses.

The statement of net position presents information on all the City's assets, deferred outflows, liabilities, and deferred inflows, with the difference between the total assets and deferred outflows and liabilities and deferred inflows reported as net position. Over time, increases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes to net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., delinquent taxes and special assessments).

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Government-Wide Financial Statements (Continued) – Both of the government-wide financial statements distinguish functions of the City that are principally supported by property taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, public works, and parks and recreation. The business-type activities of the City include enterprises for water operating, sewer operating, stormwater operating, and recycling.

Fund Financial Statements – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The funds of the City are divided into three categories - governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds – Governmental funds are used to account for essentially the same functions as governmental activities in the government-wide financial statements. However unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as the balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term, financing decisions. Both the governmental funds balance sheet and the statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The fund financial statements present information for each major governmental fund in separate columns. Data from the nonmajor governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report. The City adopts an annual appropriated budget for all of its governmental funds. Budget-to-actual comparisons for the General Fund and all special revenue funds are provided in this financial report for these funds.

Proprietary Funds – The City maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water, sewer, storm water, recycling, and cable.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for each of the enterprise funds which are considered to be major funds of the City.

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Notes to Basic Financial Statements – The notes to basic financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information – Combining statements and schedules for nonmajor funds are presented immediately following the notes to basic financial statements.

The following is a summary of the City's net position:

	Governmental Activities	
	2019	2018
Current and Other Assets	\$ 9,911,210	\$ 15,200,564
Capital Assets	37,256,526	38,326,987
Total Assets	47,167,736	53,527,551
Deferred Outflows of Resources	1,525,942	1,868,038
Noncurrent Liabilities Outstanding	11,758,624	18,271,106
Other Liabilities	1,278,621	1,381,700
Total Liabilities	13,037,245	19,652,806
Deferred Inflows of Resources	1,887,774	2,368,092
Net Position:		
Net Investment in Capital Assets	27,898,559	23,462,495
Restricted	6,718,472	10,127,484
Unrestricted	(848,372)	(215,288)
Total Net Position	\$ 33,768,659	\$ 33,374,691
	Business-Type Activities	
	2019	2018
Current and Other Assets	\$ 5,658,436	\$ 5,695,007
Capital Assets	29,273,467	28,915,254
Total Assets	34,931,903	34,610,261
Deferred Outflows of Resources	56,646	74,229
Noncurrent Liabilities Outstanding	11,342,535	11,452,359
Other Liabilities	323,166	279,632
Total Liabilities	11,665,701	11,731,991
Deferred Inflows of Resources	56,954	77,214
Net Position:		
Net Investment in Capital Assets	18,281,381	17,783,999
Unrestricted	4,984,513	5,091,286
Total Net Position	\$ 23,265,894	\$ 22,875,285

The City's net investment in capital assets is 81% of the total net position, and reflects its investment in capital assets (e.g., land, buildings, infrastructure, machinery and equipment, and vehicles); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (\$6,718,472) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position (\$4,136,141) may be used to meet the City's ongoing obligations to citizens and creditors. At the end of the current fiscal year, the City is able to report positive balances in all categories of net position, both for the City as a whole as well as for its separate governmental and business-type activities, except for unrestricted net position in governmental activities.

The City has historically been financially conservative, managing revenues and expenditures/expenses to assure operation of a balanced budget. The ongoing management of revenues and expenditures/expenses and the sound financial position the City has attained have resulted in the City's excellent bond ratings: AA+ for all general obligation bond issues.

The following is a summary of the City's change in Governmental net position:

	Governmental Activities			
	2019	2018	Annual Change	Percent Change
REVENUES				
Program Revenues:				
Charges for Services	\$ 1,366,743	\$ 1,454,939	\$ (88,196)	(6)%
Operating Grants and Contributions	298,536	465,156	(166,620)	(36)
Capital Grants and Contributions	1,323,833	1,135,793	188,040	17
General Revenues:				
Property Taxes	4,677,533	4,464,200	213,333	5
Unrestricted Investment Earnings	243,771	128,750	115,021	89
Miscellaneous	2,119	-	2,119	-
Total Revenues	<u>7,912,535</u>	<u>7,648,838</u>	<u>263,697</u>	3
EXPENSES				
General Government	1,140,693	1,182,492	(41,799)	(4)
Public Safety	3,127,972	3,009,188	118,784	4

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Overall revenues of governmental activities increased 3% between 2018 and 2019. The City relies to a great extent on property taxes to finance its governmental activities and this amount increased from the prior year with a 4.5% increase. Capital grants and contributions in the amount of \$1,323,383 is another reason for this increase in overall revenues, with an increase in these revenues from 2018 in the amount of \$188,040, or 17%. The City also received more contributed capital in 2019 based on the timing of developments and when these projects are completed to accept the associated contributed capital.

Expenses of governmental activities were fairly consistent with the prior year and only increased \$28,840 between 2018 and 2019.

The following is a summary of the City's change in Business-type net position:

	Business-Type Activities			
	2019	2018	Annual Change	Percent Change
REVENUES				
Program Revenues:				
Charges for Services	\$ 3,018,883	\$ 2,825,498	\$ 193,385	7 %
Operating Grants and Contributions	23,312	19,509	3,803	19
Capital Grants and Contributions	698,614	465,268	233,346	50
General Revenues:

Net Position - Beginning of Year	<u>22,875,285</u>	<u>22,716,725</u>	<u>158,560</u>	1
NET POSITION - END OF YEAR	<u>\$ 23,265,894</u>	<u>\$ 22,875,285</u>	<u>\$ 390,609</u>	2

The business-type activities, primarily the City's utility operations, experienced an increase in revenues, primarily due to Capital Grants increasing by 50% in the current year. Capital grants increased due to the City's utilities receiving \$697,796 in contributed capital in 2019. Charges for Services also increased \$193,385 or 7% due to increases in rates and as well as new users related to development being completed during 2019 and due to the related increase in Water and Sewer Area and Connection Charges.

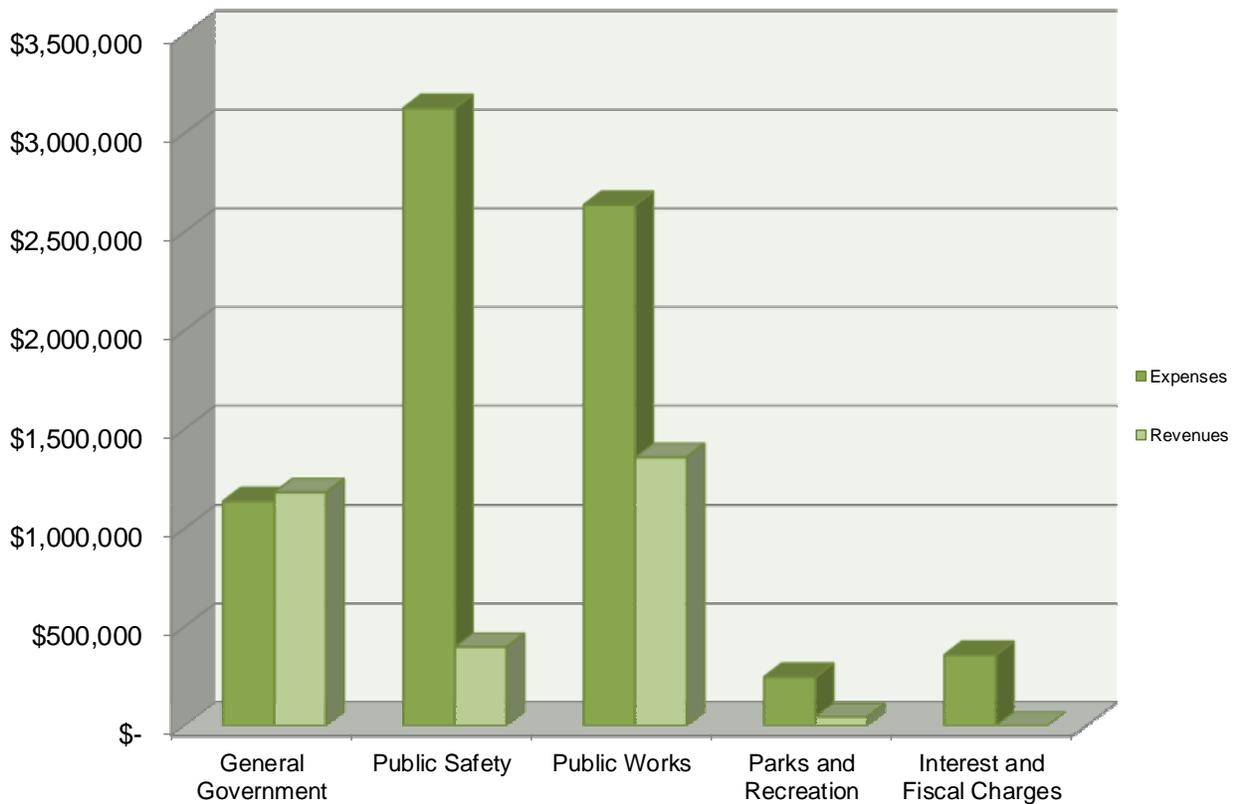

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

On the expense side, expenses increased across all funds, except the Recycling fund, which was consistent with the prior year. These increases in expenses in the other funds was mostly due to increases in supplies and maintenance expenses. For the Water Fund, the increased operating costs are generated by the new water treatment plants that have come online over the last few years. Increased costs for both personnel services and chemicals for treating the water as additional users come onto the system. For the Sewer Fund it included increased maintenance in regards to the sewer lines, and lift stations. For the storm water fund additional maintenance items for culverts and catch basins occurred during 2019. The increase within revenues was greater than the increase within expenses and resulted in a positive change net position of \$390,609, which was around a 2% increase from prior years ending net position

Governmental Activities

The following graph depicts the various governmental activities and shows the expenses and program revenues directly related to those activities:

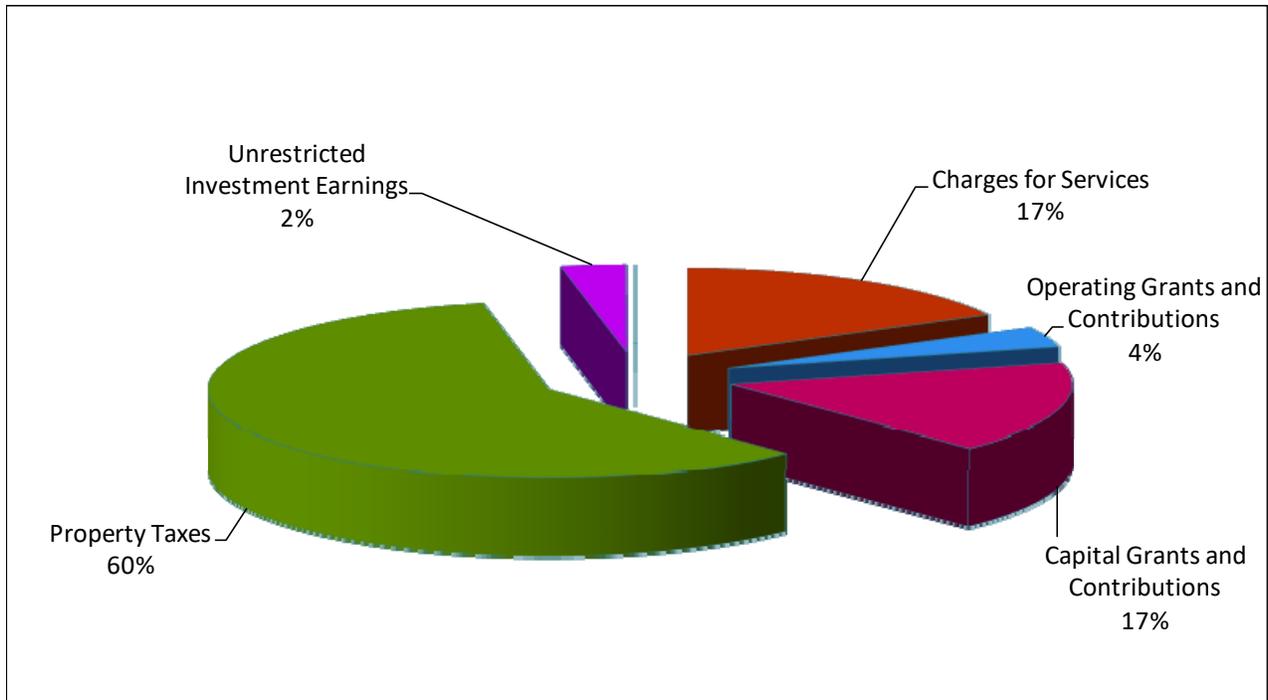

Program Expenses and Revenues – Governmental Activities

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

The graph below shows the governmental activities and their income and clearly reflects the need for property taxes to supplement the activities of the City. Under the state's current local government aid formula the City currently receives no local government aid.

Revenues by Source – Governmental Activities

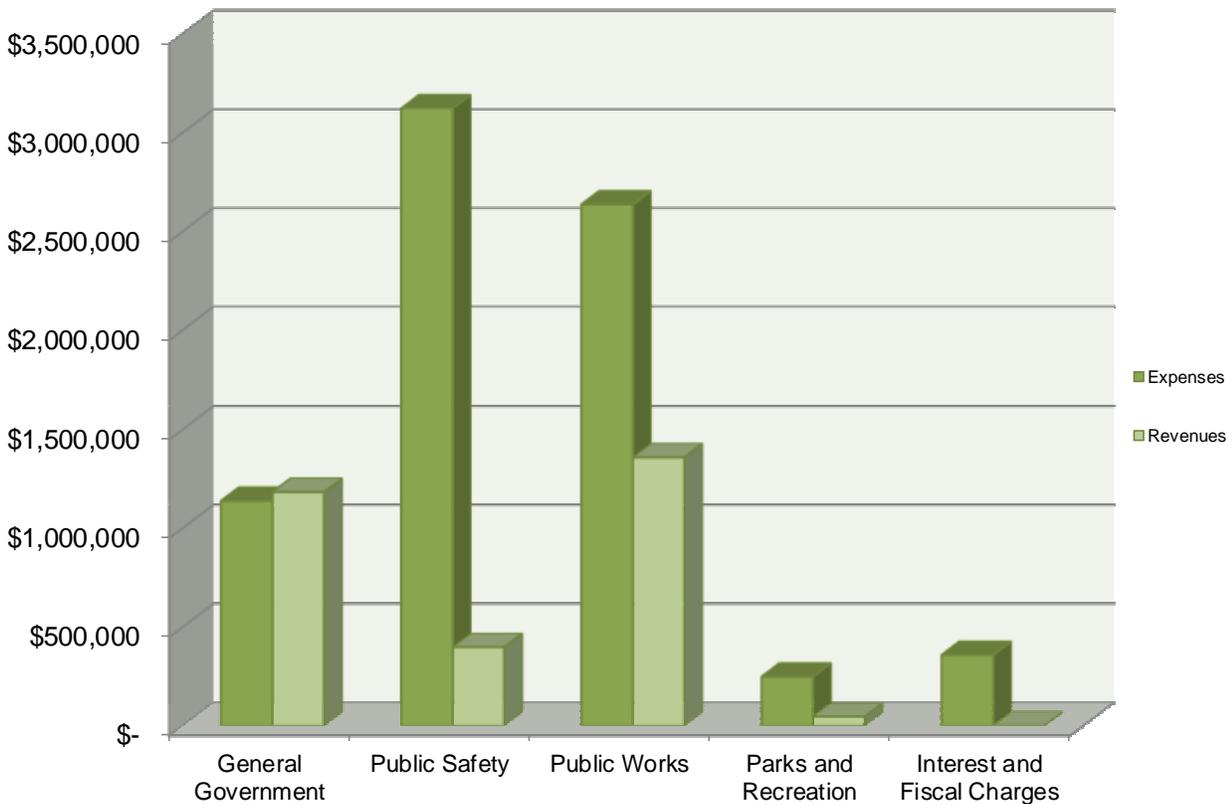

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Business-Type Activities

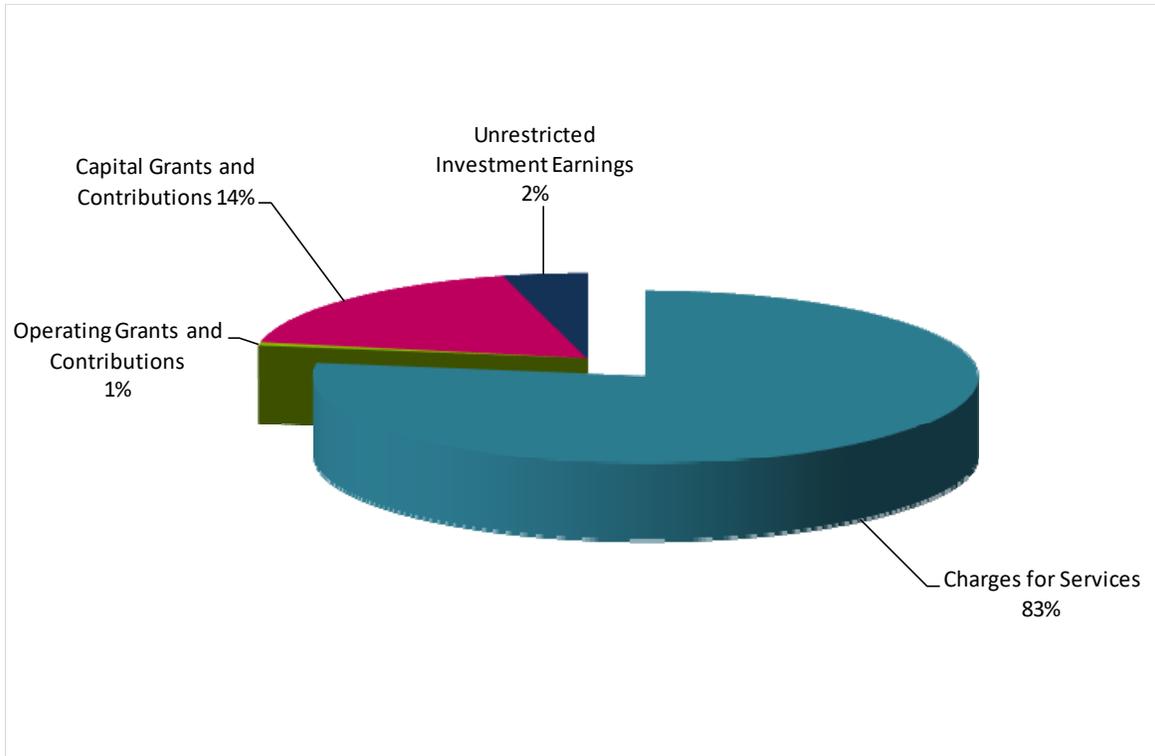

Business-Type Activities net position increased \$390,609, or 2% from the prior year due to what was mentioned above. One of the biggest expenses is depreciation (noncash expense) within the water, sewer, and surface water funds. Operating costs in total across all utility funds increased \$283,802 as the numbers of users increased from 2018 and the above noted increase in operating and maintenance supplies expenses.

Program Expenses and Revenues – Business-Type Activities

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Program Expenses and Revenues – Business-Type Activities (Continued)

General Fund

The General Fund is the main operating fund of the City. Its primary revenue source in 2019 was property taxes at 65% of the total revenue, followed by licenses and permits at 19%. The total fund balance decreased during the current fiscal year 2019, resulting from an excess of expenditures over revenues of \$38,695. The unassigned fund balance of \$2,556,452 at the end of 2019 represents 52% of total General Fund expenditures for the year 2019.

Other Major Governmental Funds

The G.O. Improvement Bonds of 2013A Fund was created in 2013 as a debt service fund for the Highway 7 Roundabout Project. The fund balance at the end of 2019 was \$0, which decreased \$1,361,376 during the year due to the City using prepaid special assessment collections to pay off the remainder of the debt.

The G.O. Improvement Bonds of 2013B Fund was created in 2013 as a debt service fund for the Kings Point Road Project. The fund balance at the end of 2019 was \$0, which decreased \$538,469 during the year due to City using prepaid special assessment collections to pay off the remainder of the debt.

The Street Improvement fund was created to account for the resources accumulated and capital expenditures related to various street improvement projects. The ending fund balance for 2019 was \$38,437, which increased \$8,705 during the year due to 2019 investment earnings.

**CITY OF MINNETRISTA, MINNESOTA
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2019**

Proprietary Funds

The City's enterprise funds had a combined net position balance of \$23,265,894 at December 31, 2019. The financial activities of these funds have been summarized in previous charts within this discussion.

General Fund Budgetary Highlights

- The General Fund revenues were more than the final revenue budget by \$306,148. The biggest positive budget variance for revenue categories were within licenses and permits. Overall total variance for revenues was about 6%.
- Total General Fund Expenditures were \$52,641 under budget. Most of the positive variance occurred in the General Government, which had expenditures under budget in the amount of \$39,731. Parks and Recreation also ended the year under budget \$19,058 and miscellaneous expenditures ending the year under budget \$14,844. These positive variances were slightly offset by expenditures being over budget within Public Safety in the amount of \$4,959 and Public Works ending the year \$16,033 over budget. The total actual costs in the general fund came in at 1.1% less than the budgeted amount. Department managers watch their overall department budgets closely in conjunction with the Finance Director. This helps contribute to the slight variability in actual costs to budget. The small positive variance in comparing actual costs to budgeted costs can be attributed to professional services and personal services costs coming in slightly better than budgeted in some departments.

Capital Assets

The City's investment in capital assets (net of accumulated depreciation) for its governmental and business-type activities as of December 31 is as follows:

	Governmental Activities		Business-Type Activities		Total	
	2019	2018	2019	2018	2019	2018

Additional details of long-term debt activity for the year can be found in Note 6 of the notes to basic financial statements.

Currently Known Facts and Conditions

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the City, COVID-19 may impact various parts of its 2020 operations and financial results including, but not limited to, costs for emergency preparedness and shortages of personnel. Management believes the City is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Finance Department, City of Minnetrista, 7701 County Road 110 West, Minnetrista, Minnesota 55364-9553.

**CITY OF MINNETRISTA
RECONCILIATION OF THE BALANCE SHEET TO THE
STATEMENT OF NET POSITION
GOVERNMENTAL ACTIVITIES
DECEMBER 31, 2019**

Total Fund Balances for Governmental Funds \$ 6,137,521

Total net position reported for governmental activities in the statement of net position is different because:

Capital assets used in governmental funds are not financial resources and, therefore, are not reported in the funds. Those assets consist of:

Land	\$ 4,733,976	
Construction in Progress	35,118	
Buildings and Building Improvements	6,881,591	
Improvements Other than Buildings	2,263,214	
Streets and Infrastructure	47,684,436	
Equipment and Furniture	5,902,473	
Total Capital Assets	67,500,808	
Less: Accumulated Depreciation	(30,244,282)	37,256,526

Some of the City's receivables (including property taxes, special assessments and other long-term receivables) will be collected after year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred inflows of resources in the governmental funds. 2,592,045

Interest on long-term debt is not accrued in governmental funds, but rather is recognized as an expenditure when due. Accrued interest for general obligation bonds is included in the statement of net position. (96,977)

The City's net pension liability and related deferred inflows and deferred outflows are recorded only on the statement of net position. Balances at year-end are:

Net Pension Liability	(2,064,982)	
Deferred Inflows of Resources - Pensions	(1,882,141)	
Deferred Outflows of Resources - Pensions	1,371,805	(2,575,318)

Long-term liabilities that pertain to governmental funds, including bonds payable, are not due and payable in the current period and, therefore, are not reported as fund liabilities. All liabilities - both current and long term - are reported in the statement of net position.

Bonds Payable	(8,235,000)	
Equipment Certificates Payable	(414,000)	
Unamortized Premiums	(537,201)	
Unamortized Discounts	6,014	
Total Other Postemployment Benefits Liability	(265,541)	
Deferred Inflows - OPEB	(5,633)	
Deferred Outflows - OPEB	154,137	
Compensated Absence Payable	(247,914)	(9,545,138)

Total Net Position of Governmental Activities \$ 33,768,659

**CITY OF MINNETRISTA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND
CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL ACTIVITIES
YEAR ENDED DECEMBER 31, 2019**

Net Change in Fund Balances - Total Governmental Funds \$ (3,099,316)

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures and proceeds from the sale of capital assets as revenues. However, in the statement of activities, assets are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation exceeded capital outlays in the current period.

Capital Outlays - Improvement Costs (Net of Proceeds)	\$ 997,298	
Capital Assets Transferred to Business-Type Activities	(776,932)	
Capital Contributions	486,903	
Depreciation Expense	<u>(1,777,730)</u>	(1,070,461)

The governmental funds report bond proceeds as financing sources, while repayment of bond principal is reported as an expenditure. In the statement of net position, however, issuing debt increases long-term liabilities and does not affect the statement of activities and repayment of principal reduces the liability. Interest is recognized as an expenditure in the governmental funds when it is due. In the statement of activities, however, interest expense is recognized as it accrues, regardless of when it is due. The net effect of these differences in the treatment of general obligation bonds and related items is as follows:

General Obligation Bond Proceeds	(1,210,000)	
Amortization of Bond Premium	37,626	
Amortization of Bond Discount	(596)	
Repayment of Bond Principal	7,348,000	
Debt Transferred to Business-Type Activities	720,000	
Proceeds on Bond Premium	(210,430)	
Change in Accrued Interest Expense	<u>72,801</u>	6,757,401

Delinquent and certain other property taxes and special assessments receivable will be collected subsequent to year-end, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as deferred inflows of resources and excluded from revenues in the governmental funds.

Deferred Inflows of Resources - December 31, 2018	4,751,805	
Deferred Inflows of Resources - December 31, 2019	<u>2,592,045</u>	(2,159,760)

In the statement of activities, compensated absences and other postemployment benefits related items are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid). During fiscal year 2019, compensated absence payable and other postemployment benefits payable changed.

23,124

Pension expenses in the governmental funds are measured by current year employee contributions. Pension expenses on the statement of activities are measured by the change in net pension liability and the related deferred inflows and outflows of resources.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The City of Minnetrista, Minnesota (the City) operates under the “Optional Plan A” form of government as defined in Minnesota Statutes. Under this plan, the City Council, composed of an elected mayor and four elected trustees or council members, exercises legislative authority and determines all matters of policy. The City Council appoints personnel responsible for the proper administration of all the affairs relating to the City.

The financial statements and the accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

As required by accounting principles generally accepted in the United States of America, these financial statements include the City (the primary government) and any component units. A component unit is a legally separate entity for which the primary government is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit includes whether or not the primary government appoints the voting majority of the potential component unit’s board, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

The Minnetrista Economic Development Authority (EDA) is a legally separate organization created to provide the City economic development assistance. The governing board consists of the City’s mayor and council members; therefore, the Minnetrista EDA has been reported as a blended component unit of the City, with its funds reported as though they are funds of the City. The purpose of the Minnetrista EDA is to issue revenue bonds to acquire land and to purchase or construct facilities and, currently, there is no activity in the Minnetrista EDA. The EDA does not issue its own separate financial statements.

There are no other organizations that, when considered, would be included in the financial statements as a component unit.

The City also participates in the Pioneer-Sarah Creek Watershed Management Commission, which is a joint venture created to protect, preserve, and use natural water storage retention systems. The City also participates in the Lake Minnetonka Conservation District (LMCD), which is a jointly governed organization, established by the state, which is made up of representatives of each of the 14 cities surrounding Lake Minnetonka. The purpose of the LMCD is to uniformly regulate docks, promote public access, and protect the environmental quality of the lake.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Government-Wide Financial Statements

The government-wide financial statements (statement of net position and statement of activities) display information about the reporting government as a whole. These statements include all of the financial activities of the City, except fiduciary funds. Since, by definition, fiduciary fund assets are held for the benefit of a third party and cannot be used for activities or obligations of the City, these funds are excluded from the government-wide financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other internally directed revenues are reported as general revenues.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes and special assessments are recognized as revenues in the fiscal year for which they are levied. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. However, charges between the City's enterprise funds and other functions are not eliminated, as that would distort the direct costs and program revenues reported in those functions. The City applies restricted resources first when an expense is incurred for which both restricted and unrestricted resources are available. Depreciation expense can be specifically identified by function (see Note 5). Interest on long-term debt is considered an indirect expense and is reported separately on the statement of activities.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Fund Financial Statement Presentation

Separate fund financial statements are provided for governmental, and proprietary. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. Aggregated information for the remaining nonmajor governmental funds is reported in a single column in the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized when it becomes measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the City considers revenues to be available if collected within 60 days after year-end.

Major revenue that is susceptible to accrual includes property taxes, intergovernmental revenue, charges for services, and interest earned on investments. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Revenue that is not susceptible to accrual includes licenses and permits, fees, and miscellaneous revenue. Such revenue is recorded only when received because it is not measurable until collected. Grants and similar items are recognized when all eligibility requirements imposed by the provider have been met.

Expenditures are generally recorded when a liability is incurred, except for principal and interest on long-term debt and compensated absences, which are recognized as expenditures to the extent they have matured. Capital asset acquisitions are reported as capital outlay expenditures in the governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Proprietary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting, similar to the government-wide financial statements. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. The operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Fund Financial Statement Presentation (Continued)

Description of Funds

The City reports the following major governmental funds:

General Fund – This is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

G.O. Improvement Bonds of 2013A Debt Service Fund – This fund accounts for the City's payment of principal and interest on the G.O. bonds issued to finance the Highway 7 Roundabout Project.

G.O. Improvement Bonds of 2013B Debt Service Fund – This fund accounts for the City's payment of principal and interest on the G.O. bonds issued to finance the Kings Point Road Project.

Street Improvement Fund – This fund is used to account for the resources accumulated and capital expenditures related to various street improvement projects.

The City reports the following major enterprise funds:

Water Operating Fund – This fund is used to account for the provision of water services to the residents of the City who have water service available.

Sewer Operating Fund – This fund is used to account for the provision of sewer services to the residents of the City who have sanitary sewer service available.

Storm Water Fund – This fund is used to account for the charges for and the costs of maintaining the City's storm water system.

Recycling Fund – This fund is used to account for the charges for and costs of providing recycling services to the residents of the City.

Cable TV Fund – This fund is used to account for the charges for and costs of providing Cable TV services to the residents of the City.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Cash and Investments

Cash balances from all funds are combined and invested to the extent available in short-term investments. Earnings from the pooled investments are allocated to the individual funds based on the average monthly cash and investment balances of the respective funds. The City considers all highly liquid debt instruments with an original maturity from the time of purchase by the City of three months or less to be cash equivalents. The proprietary funds' portion in the government-wide cash and investment management pool is considered to be cash equivalent.

Cash and investments held by trustee reflect balances held in segregated accounts for specific purposes. Interest earned on these investments is allocated directly to those accounts.

Investments are stated at fair value as determined by quoted market prices, except for money market investments and participating interest-earning investment contracts that have a remaining maturity at time of purchase of one year or less which are recorded at amortized cost.

F. Receivables

All miscellaneous accounts receivable are shown at net of an allowance for doubtful accounts. Since the City is generally able to certify delinquent utility bills to the county for collection as special assessments, no allowance for uncollectible accounts has been provided on those receivables. Receivables not expected to be collected within one year include delinquent taxes, special assessments, and certain amounts due from other governmental units. Any such receivables that are not considered to be available to finance current expenditures are offset by a deferred inflow of resources in the governmental fund financial statements.

G. Property Taxes

Property tax levies are set by the City Council by December of each year, and certified to the County Auditor for collection in the following year. In Minnesota, counties act as collection agents for all property taxes.

A portion of the property taxes levied is paid by the state of Minnesota through various tax credits, which are included in intergovernmental revenue in the financial statements.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Property Taxes (Continued)

The county spreads levies over all taxable property in the City. Such taxes become a lien on January 1 and are recorded as receivables by the City on that date. Real property taxes may be paid by taxpayers in two equal installments on May 15 and October 15. Personal property taxes are due in full on May 15. The county provides tax settlements to cities and other taxing districts three times a year. Revenues are generally accrued and recognized in the year collectible. Taxes which remain unpaid at December 31 are classified as delinquent taxes receivable.

H. Special Assessments

Special assessments represent the financing for public improvements paid for by the benefiting property owners. These assessments are recorded as delinquent (levied but unremitted) or deferred (certified but not yet levied) special assessments receivable. The City usually adopts the assessment rolls when the individual projects are complete or substantially complete. The assessments are collectible over a term of years generally consistent with the term of years related to the bond issue. Collection of annual installments (including interest) is handled by the county in the same manner as property taxes. Property owners are allowed to prepay total future installments without interest or prepayment penalties.

I. Interfund Receivables and Payables

Activity between funds that is representative of lending or borrowing arrangements is reported as either "due to/from other funds" (current portion) or "advances to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

J. Capital Assets

Capital assets, which include land, buildings, improvements, equipment, and infrastructure (utility systems, roads, bridges, sidewalks, and similar items) assets are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Such assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their acquisition value at the date of donation. The City defines capital assets as those with an initial, individual cost of \$5,000 with an estimated useful life in excess of two years. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. As allowed by accounting principles generally accepted in the United States of America, the City has elected not to retroactively capitalize the infrastructure of its governmental activities acquired prior to January 1, 2004.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Capital Assets (Continued)

Capital assets are recorded in the government-wide and proprietary fund financial statements, but are not reported in the governmental fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Land and construction in progress are not depreciated. The estimated useful lives are as follows:

Buildings	30 - 40 Years
Improvements	10 - 30 Years
Machinery and Equipment	3 - 10 Years
Vehicles	3 - 7 Years
Infrastructure	20 - 75 Years

K. Compensated Absences Payable

The City allows employees to accrue vacation based on years of service to carry over to the next year. The amount of vacation accrued is payable upon separation if the employee is in good standing and proper notice is given. Sick leave accrues at various rates and may be accumulated to a maximum of 120 days. Under the City's personnel policy, employees who have at least 5 years of service with the City and who leave in good standing will receive between 25% and 55% of their sick leave balance, paid out depending on length of service.

The severance policy for the City Administrator states all accrued and unused vacation will be paid upon separation. The City's severance policy agrees to pay, at the time of receipt of the last paycheck, a lump sum cash payment equal to six months aggregate salary, and continues to provide and pay for the employee benefits for the six months after termination.

The police department's full-time union employees accrue vacation up to a maximum of 160 hours to carry over to the next year. Part-time employees' accruals are prorated by hours worked per week. Employees are eligible for severance pay after completing 5 years of service. Severance pay is the sick leave balance paid between 25% and 55% depending on years of service.

Full-time public works employees that are union members accrue vacation up to a maximum of 160 hours to carry over to the next year. Sick leave is accrued at a rate of eight hours per month of continuous employment. Employees are eligible for severance pay after completing 5 years of service. Severance pay is the sick leave balance paid between 25% and 55% depending on years of service.

In the governmental funds, compensated absences are reported only if they have matured. Amounts that have not matured are a long-term liability and not reported at the fund level in governmental funds.

CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

L. Long-Term Liabilities

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, if material, are amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed as incurred.

In the governmental fund financial statements, long-term debt and other long-term obligations are not reported as liabilities. The face amount of debt issued is reported as other financing sources. Premiums or discounts on debt issuances are reported as other financing sources or uses, respectively. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. The City has two types of these items. The City has deferred outflows related to pensions, which qualify for reporting in this category. See Note 7 for additional detail. Additionally, City reports deferred outflows related to other postemployment benefits on its statements of net position. See Note 8 for additional detail.

In addition to liabilities, the statements of financial position or balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City has three types of items which qualify for reporting in this category. The first, unavailable revenue, arises under a modified accrual basis of accounting and is therefore reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from three sources: property taxes, special assessments, and amounts due from other governments not collected within 60 days of year-end. These amounts are deferred and recognized as an inflow of resources in the period the amounts become available. The City also reports deferred inflows related to pensions on its statements of net position. See Note 7 for additional detail. Additionally, City reports deferred inflows related to other postemployment benefits on its statements of net position. See Note 8 for additional detail.

N. Net Position/Fund Balance

Net position represents the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources in the government-wide and proprietary fund financial statements. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Portions of net position are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

N. Net Position/Fund Balance (Continued)

In the fund financial statements, governmental funds report fund balances in the classifications that disclose constraints for which amounts in those funds can be spent. These classifications are as follows:

Nonspendable – portion of fund balances related to prepaids, inventories, long-term receivables, and corpus on any permanent fund.

Restricted – funds are constrained from outside parties (statute, grantors, bond agreements, etc.).

Committed – funds are established and modified by a resolution approved by the City Council.

Assigned – consists of internally imposed constraints approved by the City Finance Director. The City adopted a formal fund balance policy which gives authority to assign fund balances to the Finance Director.

Unassigned – is the residual classification for the General Fund and also reflects the negative residual amounts in other funds.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is the City's policy to use restricted first, then unrestricted fund balance.

When an expenditure is incurred for purposes for which committed, assigned, and unassigned amounts are available, it is the City's policy to use committed first, than assigned, and finally unassigned amounts.

The City formally adopted a fund balance policy for the General Fund. The policy establishes a year-end target unassigned fund balance of 50% of the fund's annual operating budget.

O. Budgets and Budgetary Accounting

The City Council adopts annual budgets for the General Fund, special revenue, most debt service and capital projects, and enterprise funds. The amounts shown in the financial statements as "budget" represent the original amount and any revisions made during the year. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Budget requests are submitted by all department heads to the City Finance Director. The Finance Director compiles the budget requests into an overall preliminary city budget.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. Budgets and Budgetary Accounting (Continued)

2. The Finance Director presents the proposed budget to the City Council. The budget resolution adopted by the City Council sets forth the budgets at the function level for the General Fund and special revenue funds, and the budgeted debt service and capital project funds. Budgetary and actual comparisons for the General Fund and special revenue funds are shown as supplementary information.
3. Formal budgetary integration is employed as a management control device during the year for the General Fund and special revenue funds, and the budgeted debt service, capital project, and enterprise funds.

The budgets are adopted on a basis consistent with accounting principles generally accepted in the United State of America. The detailed budget schedules provided in the supplementary section are presented on the same basis. The legal level of budgetary control is at the fund level. In 2019, a budget was not adopted for the Street Improvement Capital Project Fund.

P. Risk Management

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City participates in the League of Minnesota Cities Insurance Trust (LMCIT), a public entity risk pool for its general property and casualty, workers' compensation, and other miscellaneous insurance coverages. LMCIT operates as a common risk management and insurance program for a large number of cities in Minnesota. The City pays an annual premium to LMCIT for insurance coverage. The LMCIT agreement provides that the trust will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of certain limits. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years. There were no significant reductions in insurance coverage in 2019.

Q. Change in Accounting Principles

In 2019, the City implemented Governmental Accounting Standards (GASB) Statement No. 84, *Fiduciary Activities*, in 2019. There were no significant effects on the fund balance or net position of the financial statements as a result of implementing this statement, but it did result in the Land Use fund moving from an agency fund to a governmental fund.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 2 STEWARDSHIP AND ACCOUNTABILITY

Expenditures in Excess of Appropriations

Expenditures exceeded budgeted amounts in the following funds at December 31, 2019:

Fund	Budget	Expenditures	Excess
Special Revenue Funds:			
Tree Replacement	\$ 5,000	\$ 10,416	\$ 5,416
Debt Service Funds:			
Mound Fire Improvement Bonds of 2003	68,217	72,090	3,873
G.O. Improvement Bonds of 2010A	1,105,918	1,149,574	\$ 43,656
G.O. Improvement Bonds of 2014B	363,075	366,253	3,178
G.O. Improvement Bonds of 2012A	60,130	60,836	706
G.O. Improvement Bonds of 2013A	280,940	2,854,244	2,573,304
G.O. Improvement Bonds of 2013B	152,610	1,637,725	1,485,115

NOTE 3 DEPOSITS AND INVESTMENTS

A. Components of Cash and Investments

Cash and investments at year-end consisted of the following:

Deposits	\$ 200,035
Investments	11,820,720
Cash on Hand	300
Total	<u><u>\$ 12,021,055</u></u>

Cash and investments are presented in the financial statements as follows:

Statement of Net Position:

Cash and Investments -	
Statement of Net Position	<u><u>\$ 12,021,055</u></u>

B. Deposits

In accordance with applicable Minnesota Statutes, the City maintains deposits at depository banks authorized by the City Council, including checking accounts and certificates of deposit.

The following is considered the most significant risk associated with deposits:

Custodial Credit Risk – In the case of deposits, this is the risk that in the event of a bank failure, the City's deposits may be lost.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

B. Deposits (Continued)

Minnesota Statutes require that all deposits be protected by federal deposit insurance, corporate surety bond, or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by federal deposit insurance or corporate surety bonds. Authorized collateral includes treasury bills, notes, and bonds; issues of U.S. government agencies; general obligations rated "A" or better; revenue obligations rated "AA" or better; irrevocable standard letters of credit issued by the Federal Home Loan Bank; and certificates of deposit. Minnesota Statutes require that securities pledged as collateral be held in safekeeping in a restricted account at the Federal Reserve Bank or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral.

The City has an investment policy in place to address custodial credit risk for deposits, stating all deposits and investments must be in compliance with Minnesota Statutes 118A, with collateralization levels of 110% of the market value of the principal and accrued interest.

At year-end, the carrying amount of the City's deposits was \$200,035 while the balance on the bank records was \$223,217. At December 31, 2019, all deposits were fully covered by federal depository insurance, surety bonds, or by collateral held by the City's agent in the City's name.

C. Investments

The City has the following investments at year-end:

Investment Type	Fair Value
Federal Home Loan Bank	\$ 174,717
Federal Home Loan Mtg Corp.	808,528
Negotiable Certificates of Deposit	6,615,416
Total	\$ 7,598,661

Investment Type	Amortized Cost
MN Municipal Money Market (4M)	\$ 3,949,671
Other Money Markets	272,388
MN Municipal Money Market (4M)	\$ 4,222,059

Interest Rate Risk – This is the risk of potential variability in the fair value of fixed rate investments resulting from changes in interest rates (the longer the period for which an interest rate is fixed, the greater the risk). The City's investment policy uses diversification of maturity dates as a means of managing its exposure to fair value by stating that not more than 30% of the City's investments may extend beyond a five-year maturity.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

Credit Risk – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Minnesota Statutes limit the City’s investments to direct obligations or obligations guaranteed by the United States or its agencies; shares of investment companies registered under the Federal Investment Company Act of 1940 that receive the highest credit rating, are rated in one of the two highest rating categories by a statistical rating agency, and all of the investments have a final maturity of 13 months or less; general obligations rated “A” or better; revenue obligations rated “AA” or better; general obligations of the Minnesota Housing Finance Agency rated “A” or better; bankers’ acceptances of United States banks eligible for purchase by the Federal Reserve System; commercial paper issued by United States corporations or their Canadian subsidiaries, rated of the highest quality category by at least two nationally recognized rating agencies, and maturing in 270 days or less; Guaranteed Investment Contracts guaranteed by a United States commercial bank, domestic branch of a foreign bank, or a United States insurance company, and with a credit quality in one of the top two highest categories; repurchase or reverse purchase agreements and securities lending agreements with financial institutions qualified as a “depository” by the government entity, with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000; that are a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York; or certain Minnesota securities broker-dealers.

The City’s investment policy refers to Minnesota Statute 118A. This statute restricts the purchase of commercial paper to issues of U.S. corporations or their Canadian subsidiaries which mature in 270 days or less and have a rating of P-1 by Moody Investor Services, A1 by Standard and Poor’s (S&P), or F-1 by Fitch Ratings, from at least two of the three rating agencies.

A schedule of the maturities and ratings of the City’s investments as of December 31, 2019 is as follows:

Investment Type	Total Value	Interest - Risk: Maturity in Years			Credit Risk	
		Less than 1	1-5	More than 5	Rating	Agency
US Agencies:						
Federal Home Loan Bank	\$ 174,717	\$ -	\$ 174,717	\$ -	Aaa/AA+	Moody’s/S&P
Federal Home Loan Mtg Corp.	808,528	-	559,888	248,640	Aaa/AA+	Moody’s/S&P
Negotiable Certificates of Deposit	6,615,416	3,029,086	3,466,260	120,070	N/R	N/A
Money Market	272,388	272,388	-	-	Aa2/AA-	Moody’s/S&P
MN Municipal Money Market (4M)	3,949,671	3,949,671	-	-	N/R	N/A
Total	<u>\$ 11,820,720</u>	<u>\$ 7,251,145</u>	<u>\$ 4,200,865</u>	<u>\$ 368,710</u>		

N/R indicates “not rated”
N/A indicates “not applicable”

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

Custodial Credit Risk – For investment, the custodial credit risk is the risk that in the event of a failure of the counterparty to an investment transaction (typically a broker-dealer) the City would not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City typically limits its exposure by purchasing insured or registered investments, or by the control of who holds the securities. The City’s investment policy requires all investments to be insured, registered, or held by the City or its agent in the City’s name; and specifies that no more than 50% of the City’s portfolio will be invested with any one broker or agency.

Concentration Risk – This is the risk associated with investing a significant portion of the City’s investment (considered 5% or more) in the securities of a single issuer and no more than 50% of the City’s total investment portfolio may be invested in certificates of deposit or commercial paper.

At December 31, 2019, the following is a list of investments which individually comprise more than 5% of the City’s total investments:

	Value	Percent of Total Value
Federal Home Loan Mtg Corp.	\$ 808,528	6.8%
Money Market-4M Fund	3,949,671	33.4%

Fair Value Measurements

The City uses fair value measurements to record fair value adjustments to certain asset and liabilities and to determine fair value disclosures.

The City follows an accounting standard which defines fair value, establishes framework for measuring fair value, establishes a fair value hierarchy based on the quality of inputs used to measure fair value, and requires expanded disclosures about fair value measurements. In accordance with this standard, the City has categorized its investments, based on the priority of inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quotes and prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

C. Investments (Continued)

Financial assets and liabilities recorded on the combined statements of financial position are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Financial assets and liabilities are valued using inputs that are unadjusted quoted prices in active markets accessible at the measurement date of identical financial assets and liabilities.

Level 2 – Financial assets and liabilities are valued based on quoted prices for similar assets or inputs that are observable, either directly or indirectly, for substantially the full term through corroboration with observable market data.

Level 3 – Financial assets and liabilities are valued using pricing inputs which are unobservable for the asset, inputs that reflect the reporting entity’s own assumptions about the assumptions market participants would use in pricing the asset.

Investment Type	Level 1	Level 2	Level 3	Total
US Agencies:				
Federal Home Loan Bank	\$ -	\$ 174,717	\$ -	\$ 174,717
Federal Home Loan Mtg Corp.	-	808,528	-	808,528
Negotiable Certificates of Deposit	-	6,615,416	-	6,615,416
Total	<u>\$ -</u>	<u>\$ 7,598,661</u>	<u>\$ -</u>	<u>7,598,661</u>
Investments Measured at Amortized Cost				4,222,059
Total				<u>\$ 11,820,720</u>

NOTE 4 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

A. Interfund Transfers

The following is a summary of transfers made by the City during 2019:

Fund	Transfer In	Transfer Out
Park Development Fund	\$ -	\$ 14,383
Road Maintenance	153,024	118,817
G.O. Improvement Bonds of 2019A	14,383	-
G.O. Improvement Bonds of 2013A	25,025	153,024
G.O. Improvement Bonds of 2013B	93,792	-
Total	<u>\$ 286,224</u>	<u>\$ 286,224</u>

The \$14,383 transfer from the Park Development Fund to the G.O. Improvement Bonds of 2019A Fund related to the payment of related annual debt service expenditures. The \$25,025 transfer from the Road Maintenance Fund to the G.O. Improvements Bonds of 2013A Fund related to the payment of related annual debt service expenditures. The \$93,792 transfer from the Road Maintenance Fund to the G.O. Improvements Bonds of 2013B Fund related to the close out of the 2013B Fund.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 4 INTERFUND RECEIVABLES (CONTINUED)

A. Interfund Transfers (Continued)

The \$153,024 transfer from the G.O. Improvements Bonds of 2013A Fund to the Road Maintenance Fund related to the G.O. Improvements Bonds of 2013A Fund being closed out after the remaining debt was paid off from prepaid special assessments.

B. Interfund Receivables and Payables

The following is a summary of amount due to and due from the funds of the City as of December 31, 2019:

Fund	Due To	Due From
General Fund	\$ 204,137	\$ -
Capital Improvement	-	204,137
Total	<u>\$ 204,137</u>	<u>\$ 204,137</u>

The interfund amounts due to the General Fund and due from the Capital Improvement Fund covered negative cash in the Capital Improvement Fund. This will be paid back in 2020 from the issuance of equipment certificate that will refund the City for the cost of equipment purchased in 2019.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

A. Components of Long-Term Debt (Continued)

The City issues general obligation bonds to provide for financing street improvements, major capital equipment purchases, and utility improvements. Debt service is funded through property taxes, special assessments, and utility charges. General obligation bonds are direct obligations and pledge the full faith and credit of the City.

Debt service funds will be used to pay general government principal and interest liabilities. The Water and Sewer Enterprise Funds will pay principal and interest on the water and sewer revenue bonds, respectively. The Water Improvement Capital Project Fund will pay principal and interest on the PFA Drinking Water Revolving Loan. The General Fund and Enterprise Funds will pay for the corresponding compensated absences, OPEB, and net pension liabilities.

B. Changes in Long-Term Debt

	Beginning of Year	Additions	Retirements	End of Year	Due Within One Year
Governmental Activities:					
G.O. Special Assessment Bonds	\$ 11,270,000	\$ 1,210,000	\$ (7,625,000)	\$ 4,855,000	\$ 310,000

Business-Type Activities:					
G.O. Revenue Bonds	2,900,000	720,000	(370,000)	3,250,000	260,000
PFA Drinking Water Revolving Loan	8,113,544	-	(474,000)	7,639,544	478,000
Unamortized Bond Premiums	117,711	-	(15,169)	102,542	-
Total Bonds and Loans	<u>11,131,255</u>	<u>720,000</u>	<u>(859,169)</u>	<u>10,992,086</u>	<u>738,000</u>
Compensated Absences	17,654	23,196	(21,716)	19,134	10,000
Total Business-Type Activities	<u>11,148,909</u>	<u>743,196</u>	<u>(880,885)</u>	<u>11,011,220</u>	<u>748,000</u>
Total Debt	<u>\$ 27,316,444</u>	<u>\$ 2,385,009</u>	<u>\$ (9,262,132)</u>	<u>\$ 20,439,321</u>	<u>\$ 1,602,000</u>

General Obligation Special Assessment Bonds – These bonds were issued to finance various improvements and are payable primarily from special assessments levied on the properties benefitting from the improvements funded by these issues. Any deficiencies in revenue to fund these issues will be provided from general property taxes.

In 2019, the City issued the 2019A General Obligation Improvement Refunding Bonds to refund the remaining \$1,360,000 of the 2010A Series special assessment improvement bonds. The total gross debt service expenditure cashflow savings from this refunding was \$86,888. The net present value debt service expenditure cashflow savings from this refunding was \$78,533.

General Obligation Capital Improvement Bonds – These bonds were issued in 2014 to refund previously outstanding EDA Lease Revenue Bonds.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 6 LONG-TERM LIABILITIES (CONTINUED)

B. Changes in Long-Term Debt (Continued)

General Obligation Equipment Certificates – These certificates were issued to finance various equipment and motor vehicle purchases in the Capital Improvement Fund.

General Obligation Revenue Bonds – These bonds were issued for improvements or projects that directly benefit the respective enterprise funds. This debt issue will be repaid from revenue sources of the benefiting enterprise funds.

PFA Drinking Water Revolving Loans – The City entered into a \$719,813 Drinking Water Revolving Loan in 2009 through the Minnesota PFA. The total amount drawn on this loan was \$692,604. The City entered into an additional Drinking Water Revolving Loan in 2016 through Minnesota PFA for up to \$9,074,697. The total amount outstanding on the loans at December 31, 2019 was \$7,639,544.

C. Future Minimum Debt Payments

Minimum annual principal and interest payments to retire long-term debt are as follows:

Year Ending December 31,	Governmental Activities				Totals
	Bonds Payable				
	Principal		Interest		
2020	\$	764,000	\$	254,398	
2021		685,000		246,630	
2022		625,000		225,505	
2023		650,000		203,930	
2024		610,000		181,621	
2025-2029		3,175,000		590,886

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE

A. Plan Description

The City of Minnetrista participates in the following cost-sharing multiple-employer defined benefit pension plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA's defined-benefit pension plans are established and administered in accordance with Minnesota Statutes, Chapters 353 and 356. PERA's defined-benefit pension plans are tax-qualified plans under Section 401(a) of the Internal Revenue Code.

1. General Employees Retirement Fund (GERF)

All full-time and certain part-time employees of the City are covered by the General Employees Retirement Fund (GERF). All full-time and certain part-time employees of the City are covered by the General Employees Plan. General Employees Plan members belong to either the Coordinated Plan. Coordinated Plan members are covered by Social Security.

2. Public Employees Police and Fire Fund (PEPFF)

The PEPFF, originally established for police officers and firefighters not covered by a local relief association, now covers all police officers and firefighters hired since 1980. Effective July 1, 1999, the PEPFF also covers police officers and firefighters belonging to a local relief association that elected to merge with and transfer assets and administration to PERA.

B. Benefits Provided

PERA provides retirement, disability, and death benefits. Benefit provisions are established by state statute and can only be modified by the state legislature. Vested, terminated employees who are entitled to benefits, but are not receiving them yet, are bound by the provisions in effect at the time they last terminated their public service.

1. GERF Benefits

General Employees Plan benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service. Two methods are used to compute benefits for PERA's Coordinated Plan members. Members hired prior to July 1, 1989, receive the higher of Method 1 or Method 2 formulas. Only Method 2 is used for members hired after June 30, 1989. Under Method 1, the accrual rate for Coordinated members is 1.2% of average salary for each of the first 10 years of service and 1.7% of average salary for each additional year. Under Method 2, the accrual rate for Coordinated members is 1.7% of average salary for all years of service. For members hired prior to July 1, 1989, a full annuity is available when age plus years of service equal 90 and normal retirement age is 65. For members hired on or after July 1, 1989, normal retirement age is the age for unreduced Social Security benefits capped at 66.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

B. Benefits Provided (Continued)

1. GERP Benefits (Continued)

Annuities, disability benefits, and survivor benefits are increased effective every January 1. Beginning January 1, 2019, the postretirement increase will be equal to 50.0% of the cost-of-living adjustment (COLA) announced by the SSA, with a minimum increase of at least 1.0% and a maximum of 1.5%. Recipients that have been receiving the annuity or benefit for at least a full year as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least one month but less than a full year as of the June 30 before the effective date of the increase will receive a reduced prorated increase. For members retiring on January 1, 2024, or later, the increase will be delayed until normal retirement age (age 65 if hired prior to July 1, 1989, or age 66 for individuals hired on or after July 1, 1989). Members retiring under Rule of 90 are exempt from the delay to normal retirement.

2. PEPFF Benefits

Benefits for Police and Fire Plan members first hired after June 30, 2010, but before July 1, 2014, vest on a prorated basis from 50.0% after five years up to 100.0% after ten years of credited service. Benefits for Police and Fire Plan members first hired after June 30, 2014, vest on a prorated basis from 50.0% after ten years up to 100.0% after twenty years of credited service. The annuity accrual rate is 3% of average salary for each year of service. A full, unreduced pension is earned when members are age 55 and vested, or for members who were first hired prior to July 1, 1989, when age plus years of service equal at least 90.

Annuities, disability benefits, and survivor benefits are increased effective every January 1. Beginning January 1, 2019, the postretirement increase will be fixed at 1.0%. Recipients that have been receiving the annuity or benefit for at least 36 months as of the June 30 before the effective date of the increase will receive the full increase. For recipients receiving the annuity or benefit for at least 25 months but less than 36 months as of the June 30 before the effective date of the increase will receive a reduced prorated increase.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

C. Contributions

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. Contribution rates can only be modified by the state legislature.

1. GERF Contributions

Coordinated Plan members were required to contribute 6.50% of their annual covered salary in fiscal year 2019 and the City was required to contribute 7.50% for Coordinated Plan members. The City's contributions to the General Employees Fund for the year ended December 31, 2019 were \$116,456. The City's contributions were equal to the required contributions as set by state statute.

2. PEPFF Contributions

Police and Fire member's contribution rates increased from 10.80% of pay to 11.30% and employer rates increased from 16.20% to 16.95% on January 1, 2019. The City's contributions to the Police and Fire Fund for the year ended December 31, 2019 were \$194,775. The City contributions were equal to the required contributions as set by state statute.

D. Pension Costs

1. GERF Pension Costs

At December 31, 2019, the City reported a liability of \$1,205,273 for its proportionate share of the GERF's net pension liability. The City's net pension liability reflected a reduction due to the state of Minnesota's contribution of \$16 million to the fund during PERA's fiscal year ended June 30, 2019. The state of Minnesota is considered a nonemployer contributing entity and the state's contribution meets the definition of a special funding situation. The state of Minnesota's proportionate share of the net pension liability associated with the City totaled \$37,332. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018 through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the City's proportion was 0.0218% which was a decrease of .0001% from its proportion measured as of June 30, 2019.

City's Proportionate Share of the Net Pension Liability	\$ 1,205,273
State's Proportionate Share of the Net Pension Liability Associated with the City	37,332
Total	\$ 1,242,605

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

D. Pension Costs (Continued)

1. GERF Pension Costs (Continued)

For the year ended December 31, 2019, the City recognized pension expense of \$194,074 for its proportionate share of the GERF's pension expense. In addition, the City recognized an additional \$2,796 as pension expense (and grant revenue) for its proportionate share of the state of Minnesota's contribution of \$16 million to the GERF during the City's calendar year ended December 31, 2019.

At December 31, 2019, the City reported its proportionate share of the GERF's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 33,403	\$ -
Changes in Actuarial Assumptions	-	94,735
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	122,169
Changes in Proportion and Differences Between City Contributions and Proportionate Share of Contributions	45,923	15,963
City Contributions Subsequent to the Measurement Date	58,216	-
Total	<u>\$ 137,542</u>	<u>\$ 232,867</u>

A total of \$58,216 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	Pension Expenses Amount
2020	\$ (54,188)
2021	(75,612)
2022	(25,684)
2023	1,943
2024	-

DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

D. Pension Costs (Continued)

2. PEPFF Pension Costs

At December 31, 2019, the City reported a liability of \$1,149,769 for its proportionate share of the PEPFF's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on the City's contributions received by PERA during the measurement period for employer payroll paid dates from July 1, 2018 through June 30, 2019, relative to the total employer contributions received from all of PERA's participating employers. At June 30, 2019, the City's proportion was 0.1080%, which was an increase of 0.0048% to its proportion measured as of June 30, 2018. The City also recognized \$14,580 for the year ended December 31, 2019 as revenue and an offsetting reduction of net pension liability for its proportionate share of the state of Minnesota's on-behalf contributions to the Police and Fire Fund. Legislation passed in 2013 required the state of Minnesota to begin contributing \$9 million to the Police and Fire Fund each year until the plan is 90 percent funded or until the State Patrol Plan (administered by the Minnesota State Retirement System) is 90 percent funded, whichever occurs later. In addition, the state will pay \$4.5 million on October 1, 2018 and October 1, 2019 in direct state aid. Thereafter, by October 1 of each year, the state will pay \$9 million until full funding is reached or July 1, 2048, whichever is earlier

For the year ended December 31, 2019, the City recognized pension expense of \$209,484 for its proportionate share of the PEPFF's pension expense.

At December 31, 2019, the City reported its proportionate share of the PEPFF's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Economic Experience	\$ 48,818	\$ 175,007
Changes in Actuarial Assumptions	954,126	1,290,838
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	-	239,470
Changes in Proportion and Differences Between City Contributions and Proportionate Share of Contributions	167,567	-
City Contributions Subsequent to the Measurement Date	96,853	-
Total	<u>\$ 1,267,364</u>	<u>\$ 1,705,315</u>

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

D. Pension Costs (Continued)

2. PEPFF Pension Costs (Continued)

A total of \$96,853 reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2020. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending December 31,</u>	<u>Pension Expenses Amount</u>
2020	\$ (32,824)
2021	(120,094)
2022	(417,624)
2023	22,698
2024	13,040
Thereafter	-

For the year ended December 31, 2019, the City had the following recorded in relation to all of the plans in which it participates:

	<u>GERF</u>	<u>PEPFF</u>	<u>Total</u>
Net Pension Liability	\$ 1,205,273	\$ 1,149,769	\$ 2,355,042
Deferred Inflows of Resources	232,867	1,705,315	1,938,182
Deferred Outflows of Resources	137,542	1,267,364	1,404,906
Pension Expense	196,870	209,484	406,354

E. Actuarial Assumptions

The total pension liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per Year
Active Member Payroll Growth	3.25% per Year
Investment Rate of Return	7.50%

Salary increases were based on a service-related table. Mortality rates for active members, retirees, survivors, and disabilitants were based on RP 2014 tables for all plans for males or females, as appropriate, with slight adjustments to fit PERA's experience. Cost of living benefit increases after retirement for retirees are assumed to be 1.25% per year for the General Employees Plan and 1.0% per year for the Police and Fire Plan

Actuarial assumptions used in the June 30, 2019 valuation were based on the results of actuarial experience studies. The most recent six-year experience study in the General Employees Plan was completed in 2019. The most recent four-year experience study for Police and Fire Plan was completed in 2016.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

E. Actuarial Assumptions (Continued)

The following changes in actuarial assumptions and plan provisions occurred in 2019:

General Employees Fund

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

Police and Fire Fund

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

The State Board of Investment, which manages the investments of PERA, prepares an analysis of the reasonableness of the long-term expected rate of return on a regular basis using a building-block method in which best estimate ranges of expected future rates of return are developed for each major asset class. These ranges are combined to produce an expected long-term rate of return by weighting the expected future rates of return by the target asset allocation percentages. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity	35.50 %	5.10%
International Equity	17.50	5.90%
Bonds	20.00	0.75%
Alternative Assets	25.00	5.90%
Cash	2.00	0.00%
Totals	<u>100.00 %</u>	

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 7 DEFINED BENEFIT PENSION PLANS – STATE-WIDE (CONTINUED)

F. Discount Rate

The discount rate used to measure the total pension liability in 2019 was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and employers will be made at rates set in Minnesota Statutes. Based on these assumptions, the fiduciary net positions of the General Employees Fund and the Police and Fire Fund was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Pension Liability Sensitivity

The following presents the City's proportionate share of the net pension liability for all plans it participates in, calculated using the discount rate disclosed in the preceding paragraph, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower or 1 percentage point higher than the current discount rate:

GERF PENSION LIABILITY	1% Decrease in Discount Rate (6.50%)	Current Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
Description			
City's Proportionate Share of the GERF Net Pension Liability	\$ 1,981,404	\$ 1,205,273	\$ 564,423
PEPFF PENSION LIABILITY			
Description	1% Decrease in Discount Rate (6.50%)	Current Discount Rate (7.50%)	1% Increase in Discount Rate (8.50%)
City's Proportionate Share of the PEPFF Net Pension Liability	\$ 2,513,182	\$ 1,149,769	\$ 22

H. Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in a separately issued PERA financial report that includes financial statements and required supplementary information. That report may be obtained on the Internet at www.mnpera.org.

**CITY OF MINNETRISTA
 NOTES TO BASIC FINANCIAL STATEMENTS
 DECEMBER 31, 2019**

NOTE 8 OTHER POSTEMPLOYMENT BENEFITS

At December 31, 2018, the City adopted Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions*. As the City has fewer than one hundred plan members, it has elected to calculate its total OPEB liability and related information using the alternative measurement permitted by GASB Statement No. 45.

A. Plan Description

The City administers a single-employer defined benefit healthcare plan (the Retiree Health Care Plan). The plan provides healthcare insurance for eligible retirees and their spouses through the City’s group health insurance plan, which covers both active and retired members. The benefit levels, employee contributions, and employer contributions are governed by the City and can be amended by the City through the City’s collective bargaining agreements with employee groups. The Retiree Health Plan does not issue a publicly available financial report.

The benefits provided are as follows:

Postemployment Insurance Benefits – All retirees of the City have the option under state law to continue their medical insurance coverage through the City from the time of retirement until the employee reaches the age of eligibility for Medicare. For members of all employee groups, the retiree must pay the full premium to continue coverage for medical insurance.

The City is legally required to include any retirees for whom it provides health insurance coverage in the same insurance pool as its active employees, whether the premiums are paid by the City or the retiree. Consequently, participating retirees are considered to receive a secondary benefit known as an “implicit rate subsidy.” This benefit relates to the assumption that the retiree is receiving a more favorable premium rate than they would otherwise be able to obtain if purchasing insurance on their own, due to being included in the same pool with the City’s younger and statistically healthier active employees.

Employees covered by benefit terms. At December 31, 2019, the following employees were covered by the benefit terms:

Inactive Plan Members or Beneficiaries Currently	
Receiving Benefit Payments	-
Inactive Plan Members Entitled to but not yet	
Receiving Benefit Payments	-
Active Plan Members	32
Total	32

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

B. Contributions and Funding Policy

The City funds its OPEB obligation on a pay as you go basis. The City contributes none of the cost of current year premiums for eligible retired plan members and their spouses except for the implicit rate subsidy described above. For fiscal year 2019, the City contributed \$-0- to the plan. Plan members receiving benefits contribute 100% of their premium costs. As of December 31, 2019, there were no retirees receiving health benefits from the City's health plans.

C. Total OPEB Liability

The City's Total OPEB liability was measured as of January 1, 2019 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total OPEB liability in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

<u>Valuation date:</u>	January 1, 2019
<u>Measurement date:</u>	December 31, 2019
<u>Methods and assumptions used to determine the contribution rates:</u>	
Actuarial cost method	Entry age
Amortization method	level percentage of payroll, closed
Amortization period	Investment gains/losses are amortized over 5 years and liability gains/losses are amortized over Average Working Lifetime
Inflation	2.75%
Healthcare cost trend rate	8.00% for 2019, decreasing 0.50% per year to an ultimate rate of 5.00%
Salary increases	3.50%
Discount rate	2.74% (20-year municipal bond index)
Retirement age	Age 56 for Police & Fire, Age 63 for all others (based on PERA average rates)
Mortality	RP-2014 with MP-2018 generational improvements

Discount Rate

The City's OPEB plan is not funded by a trust, and therefore, the City's uses the 20-year municipal bond index rate to develop its long-term rate of return and discount rate. This rate was 2.74% in the current actuarial valuation, which was updated from the 4.09% used in the prior actuarial valuation.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

D. Changes in the Total OPEB Liability

The details of the changes in the City's total OPEB Liability were as follows for 2019:

	Increase (Decrease) Total OPEB Liability (a)
Balances at 12/31/18	\$ 92,092
Changes for the Year:	
Service Cost	19,755
Interest	4,575
Differences Between Expected and Actual Experience	164,245
Contributions - Employer	-
Net Investment Income	-
Benefit Payments	-
Changes in Assumptions	26,129
Net Changes	214,704
Balances at 12/31/19	\$ 306,796

The following changes in assumptions occurred between the current and prior actuarial valuations:

- The discount rate used is the 20-year municipal bond index, as the plan is not funded. This assumed rate decreased from 4.09% to 2.74%.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

D. Sensitivity of Total OPEB Liability

Sensitivity of the total OPEB liability to changes in the discount rate and healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.74%) or 1-percentage-point higher (3.74%) than the current discount rate:

	1% Decrease (1.74)%	Discount Rate (2.74)%	1% Increase (3.74)%
Net OPEB Liability (Asset)	\$ 343,382	\$ 306,796	\$ 273,575

Sensitivity of the net OPEB liability to changes in the healthcare cost trend rates. The following presents the net OPEB liability of the City, as well as what the City's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (7.0% decreasing to 4.0%) or 1-percentage-point higher (9.0% decreasing to 6.0%) than the current healthcare cost trend rates:

	1% Decrease (7% Decreasing to 4%)	Healthcare Cost Trend Rates (8% Decreasing to 5%)	1% Increase (9% Decreasing to 6%)
Net OPEB liability (asset)	\$ 258,315	\$ 306,796	\$ 365,338

E. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2019, the City recognized OPEB expense of \$36,554. At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ 153,295	\$ -
Changes of Assumptions	24,387	6,546
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	-	-
Total	\$ 177,682	\$ 6,546

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 8 OTHER POSTEMPLOYMENT BENEFITS (CONTINUED)

E. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending December 31,	Amount
2020	\$ 12,224
2021	12,224
2022	12,224
2023	12,224
2024	12,224
Thereafter	110,016

NOTE 9 FUND BALANCES

Certain portions of fund balance are restricted to provide for funding on certain long-term liabilities or as required by other outside parties. Restricted and Assigned fund balances at December 31, 2019 are as follows:

- A. **Restricted for Debt Service** – This represents amounts which are restricted for future debt payments.

- B. **Restricted for Parkland Acquisitions and Improvements** – Represents amounts which are received through park dedication fees and are restricted for parkland acquisitions and improvements.

- C. **Restricted for Road Maintenance** – Represents amounts assigned by the City Council to be used for various road maintenance projects.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 9 FUND BALANCES (CONTINUED)

- D. **Committed for Emergency Warning Siren** – Represents amounts committed by the City Council for the replacement of the emergency warning siren system.
- E. **Committed for Tree Replacement** – Represents amounts committed by the City Council to be used for various tree replacement projects.
- F. **Assigned for Subsequent Year Budget** – Represents the portion of fund balance which is assigned by the City to be spent down in the subsequent year.
- G. **Assigned for Capital Plan Improvements** – Represents amounts which are assigned by the City to finance future capital projects which are a part of the City's Capital Improvement Plan.

NOTE 10 COMMITMENTS AND CONTINGENCIES

A. Federal and State Revenue

Amounts recorded or receivable from state agencies are subject to agency audit and adjustment. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of claims which may be disallowed by the grantor agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

B. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City obtains insurance through participation in the League of Minnesota Cities Insurance Trust (LMCIT) which is a risk sharing pool for its workers compensation and property and casualty insurance. The LMCIT is self-sustaining through member premiums and will reinsure for claims above a prescribed dollar amount for each insurance event. Settled claims have not exceeded the City's coverage in any of the past three fiscal years. The City continues to carry commercial insurance for all other risks of loss, including disability and employee health insurance. There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

C. Public Safety Contract

The City has a contract to provide public safety services to the City of St. Bonifacius, Minnesota. The annual service fee will be determined based on a percentage of the City's annual police department budget. The percentage of the annual budget to be paid by the City of Bonifacius will be based on the respective populations and tax capacities of the two cities. During 2019, the City received \$220,851 from the City of St. Bonifacius for public safety services.

**CITY OF MINNETRISTA
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2019**

NOTE 10 COMMITMENTS AND CONTINGENCIES (CONTINUED)

D. Fire Protection Services Contract

The City has contracted with the cities of St. Bonifacius and Mound, Minnesota to provide fire protection services for portions of the City. The annual fee will be determined based on a formula that includes the level of services provided and the market values of the fire service area covered by the contract. The City paid \$450,165 for fire protection services in 2019.

E. Public Safety Building

The City of Mound issued general obligation bonds to finance the construction of a public safety building, a portion of which is used for the Mound Police Department and the other portion used by the area fire service, which consists of five area cities, including the City of Minnetrista. As part of its annual fee for fire protection services, the City has agreed to contribute its proportionate share of the area fire service's debt service obligation on the City of Mound's general obligation bonds. The City's payments of \$72,090 for 2019 are included in debt service principal \$(66,377) and interest \$(5,713) in the governmental fund financial statements. Future payments are contingent upon the City continuing participation in the area fire service.

NOTE 11 SUBSEQUENT EVENTS

Subsequent to year-end, the World Health Organization declared the spread of Coronavirus Disease (COVID-19) a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. Specific to the City, COVID-19 may impact various parts of its 2020 operations and financial results including, but not limited to, costs for emergency preparedness and shortages of personnel. Management believes the City is taking appropriate actions to mitigate the negative impact. However, the full impact of COVID-19 is unknown and cannot be reasonably estimated as these events occurred subsequent to year-end and are still developing.

On March 10, 2020, the City also issued the 2020A General Obligation Water Town Bonds and Equipment Certificates totaling \$2,390,000. For the purpose of financing the construction of the new water tower for the southwest area of the City and reimbursing the City for prior equipment purchases.

City's Total OPEB Liability as a Percentage of the Covered Employee Payroll	13.34%	3.68%

Additional data will be presented as it becomes available and eventually ten years of data will be presented.

Notes to schedule

Valuation date: January 1, 2019
Measurement date: December 31, 2019

Methods and assumptions used to determine the contribution rates:

Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, closed
Amortization period	Investment gains/losses are amortized over 5 years and liability gains/losses are amortized over Average Working Lifetime
Inflation	2.75%
Healthcare cost trend rate	8.00% for 2019, decreasing 0.50% per year to an ultimate rate of 5.00%
Salary increases	3.50%
Discount rate	2.74% (20-year municipal bond index)
Retirement age	Age 56 for Police & Fire, Age 63 for all others (based on PERA average rates)
Mortality	RP-2014 with MP-2018 generational improvements

CITY OF MINNETRISTA
SCHEDULE OF CHANGES IN THE CITY'S TOTAL OPEB LIABILITY AND RELATED RATIOS
(CONTINUED)
DECEMBER 31, 2019

Changes in Assumptions:

2018:

- The discount rate used is the 20-year municipal bond index, as the plan is not funded. This assumed rate increased from 4.00% to 4.09%.
- The actuarial Cost Methods was updated along with the implementation of GASB Statement No. 75 to the Entry Age Normal level percent of pay method, with investment gains/losses being amortized over 5 years, liability gains/losses are amortized over the assumed average working lifetime, and plan changes are recognized immediately. Previously, under GASB Statement No. 45, the Entry Age Normal actuarial cost method was used, and the unfunded actuarial accrued liability was being amortized as a level percent of payroll over a 30-year period.

2019:

- The discount rate used is the 20-year municipal bond index, as the plan is not funded. This assumed rate decreased from 4.09% to 2.74%.

**CITY OF MINNETRISTA
PERA SCHEDULE OF THE CITY'S PROPORTIONATE SHARE
OF THE NET PENSION LIABILITY

NOTES TO SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY

The following changes in plan provisions and actuarial assumptions occurred in 2019:

General Employees Fund

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- The employer supplemental contribution was changed prospectively, decreasing from \$31.0 million to \$21.0 million per year. The State's special funding contribution was changed prospectively, requiring \$16.0 million due per year through 2031.

Police and Fire Fund

Changes in Actuarial Assumptions:

- The morality projection scale was changed from MP-2017 to MP-2018.

Changes in Plan Provisions:

- There have been no changes since the prior valuation.

**CITY OF MINNETRISTA
PERA SCHEDULE OF THE CITY'S PROPORTIONATE SHARE
OF THE NET PENSION LIABILITY (CONTINUED)
DECEMBER 31, 2019**

NOTES TO SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY (CONTINUED)

The following changes in actuarial assumptions occurred in 2018:

General Employees Fund

- The mortality projection scale was changed from MP-2015 to MP-2017.
- The assumed benefit increase was changed from 1.00% per year through 2044 and 2.50% per year thereafter to 1.25% per year.

Police and Fire Fund

- The mortality projection scale was changed from MP-2016 to MP-2017.

The following changes in plan provisions and actuarial assumptions occurred in 2017:

General Employees Fund

- The State's special funding contribution increased from \$6 million to \$16 million.
- The Combined Service Annuity (CSA) loads were changed from 0.80% for active members and 60.00% for vested and nonvested deferred members. The revised CSA loads are now 0.00% for active member liability, 15.00% for vested deferred member liability, and 3.00% for nonvested deferred member liability.

The assumed postretirement benefit increase rate was changed from 1.00% per year for all years to 1.00% per year through 2044 and 2.50% per year thereafter.

Police and Fire Fund

- Assumed salary increases were changed as recommended in the June 30, 2016 experience study. The net effect is proposed rates that average 0.34% lower than the previous rates.
- Assumed rates of retirement were changed, resulting in fewer retirements.
- The Combined Service Annuity (CSA) load was 30% for vested and nonvested deferred members. The CSA has been changed to 33% for vested members and 2% for nonvested members.
- The base mortality table for healthy annuitants was changed from the RP-2000 fully generational table to the RP-2014 fully generational table (with a base year of 2006), with male rates adjusted by a factor of 0.96. The mortality improvement scale was changed from Scale AA to Scale MP-2016. The base mortality table for disabled annuitants was changed from the RP-2000 disabled mortality table to the mortality tables assumed for healthy retirees.
- Assumed termination rates were decreased to 3.0% for the first three years of service. Rates beyond the select period of three years were adjusted, resulting in more expected terminations overall.
- Assumed percentage of married female members was decreased from 65% to 60%.

**CITY OF MINNETRISTA
PERA SCHEDULE OF THE CITY'S PROPORTIONATE SHARE
OF THE NET PENSION LIABILITY (CONTINUED)
DECEMBER 31, 2019**

NOTES TO SCHEDULE OF THE CITY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY (CONTINUED)

- Assumed age difference was changed from separate assumptions for male members (wives assumed to be three years younger) and female members (husbands assumed to be four years older) to the assumption that males are two years older than females.
- The assumed percentage of female members electing Joint and Survivor annuities was increased.
- The assumed postretirement benefit increase rate was changed from 1.00% for all years to 1.00% per year through 2064 and 2.50% thereafter.
- The Single Discount Rate was changed from 5.60% per annum to 7.50% per annum.

The following changes in actuarial assumptions occurred in 2016:

General Employees Fund

- The assumed post-retirement benefit increase rate was changed from 1.00% per year through 2035 and 2.50% per year thereafter to 1.00% per year for all years.
- The assumed investment return was changed from 7.90% to 7.50%. The single discount rate was changed from 7.90% to 7.50%.
- Other assumptions were changed pursuant to the experience study dated June 30, 2015. The assumed future salary increases, payroll growth, and inflation were decreased by 0.25% to 3.25% for payroll growth and 2.50% for inflation.

NONMAJOR SPECIAL REVENUE FUNDS

Nonmajor special revenue funds are used to account for revenue derived from specific revenue sources that are legally restricted to expenditures for specific purposes.

Emergency Warning Siren Fund – Used to account for amounts received and related expenditures for the replacement of the City’s emergency warning siren system.

Park Development Fund – Used to account for received park dedication fees to be used for land acquisition and park development.

Road Maintenance Fund – Used to account for amounts received and related expenditures for various road maintenance projects of the City.

Tree Replacement Fund – Used to account for amounts received and related expenditures for various tree replacement projects of the City.

Land Use Fund – Used to account for amounts received and expended for various land use projects of the City.

NONMAJOR CAPITAL PROJECT FUNDS

Nonmajor capital project funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities.

Capital Improvement Fund – Used to account for the resources accumulated and capital expenditures for projects which are a part of the City's Capital Improvement Plan.

2017 Street Project Fund – Used to account for the resources accumulated and capital expenditures for projects which are a part of the City's 2017 street projects.

STATISTICAL SECTION (UNAUDITED)

This part of Minnetrista, Minnesota's Comprehensive Annual Financial Report presents detailed information as a context for understanding what information in the financial statements, note disclosures, and required supplementary information says about City's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Debt Capacity

These schedules contain information to help the reader assess the affordability of the City's current level of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within the City which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to services the City provides and activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the CAFR for the relevant year.

** Average of four school districts that serve the City.

N/A Not Available

(1) Overlapping rates are those of local and county governments that apply to property owners within the City. Not all overlapping rates apply to all city property owners (e.g. the rates for special districts apply only to the proportion of the City's property owners whose property is located within the geographic boundaries of the special district).
