

Street Maintenance

The Public Works Department repairs and maintains Minnetrista's 38.43 miles (approx.) of paved streets, 20.28 miles (approx.) of gravel roads and 90 miles of ditches. This includes pavement maintenance, bituminous paving, snow and ice control, signage and pavement markings, stormwater drainage, right-of-way vegetation maintenance and more.

Responsibilities

- Planning for street and road construction and maintenance projects
- Snow removal
- Street Sweeping
- Pothole Repairs
